

question 1: course organisation and setting

What do you think about the duration of the the course? Was it too long, too short? Explain why.
What about the number of face-to-face-meetings in the local institutions (too many, not enough)?

# answer	keyword	new ideas
2 Die Phasen in den einzelnen Sprachen könnten länger sein , da man etwas Zeit braucht in die Sprache rein zu kommen, wenn man sie länger nicht angewendet hat, oder noch nicht so gut spricht. So fand ich es zum Beispiel schade, als die spanische Phase vorbei war, da ich nach den 2 Wochen gerade gut rein gekommen bin. Bei längeren Phasen und evtl. weniger Aufgaben, hätte man auch mehr Zeit etwas nachzuarbeiten.	Phasen länger	
2 Die Anzahl der Face-to-Face-Meetings war genau richtig.	F2F ausreichend	
3 Kurz, eher zu Kurz, sehr kompaktes Programm, gut für Vollzeitler, aber eher nicht für Feierabendler; besser wären 3-4 Wochen pro Sprache.	Phasen länger	
3 Treffen sehr nett, um sich persönlich Kennenzulernen und Erfahrungen auszutauschen; für Einführung wäre ein Termin ausreichend	F2F ausreichend	
4 Das Projekt war vielleicht zu lang, man hat zu viel Zeit um die Aufgabe zu bereiten und das finde ich gut. Aber die Aufgaben waren nicht zu viele, und deshalb wäre es besser ein kürzeres Projekt, besonders für Leute die Arbeiten oder Beschäftigungen haben.	Kurs insgesamt kürzer	
4 Die Face-to-Face-Meetings waren ok.	F2F ausreichend	
5 Die einzelnen Sprachwochen waren zu kurz.	Phasen länger	
5 Die Aufgaben hätten über einen längeren Zeitraum verteilt werden müssen.	Phasen länger	
5 Die Face-to-Face Meetings waren so in Ordnung.	F2F ausreichend	
6 Für einen Pilot-Kurs ok., für einen „normalen“ Kurs eigentlich zu kurz -> es wäre besser, über mehrere Wochen zu verteilen, aber den Arbeitsaufwand pro Woche zu reduzieren. Also eher wie einen Volkshochschulkurs evtl. auch mit ½ festen Terminen in der Woche, die vorher alle kennen und sich darauf einstellen können.	Phasen länger	mehr feste Termine
6 Die Anzahl war ok.; die Treffen waren sehr wichtig, weil man wirklich die technischen Probleme besprechen und üben konnte.	F2F ausreichend	
7 teils zu kurz, Vorbereitungszeiten dauern länger neben alltäglichen Leben	Phasen länger	
7 Treffen war nur 1x. Ein Zwischentreffen wäre gut gewesen	Mehr F2F	Zwischentreffen
8 Zu kurz. Man könnte sich besser vorbereiten, wenn man mehr Zeit hätte. Außerdem fühlte ich mich manchmal etwas gehetzt.	Phasen länger	
8 Ok	F2F ausreichend	
9 Es waren sechs intensive Wochen. Für ein Pilotprojekt war das ok. Sollte es ein offizieller Kurs werden, muss er länger dauern. Ob die einzelnen Sprachblöcke in kurzen Abständen wechseln, oder ob es längere Blöcke geben soll, kann ich nicht	Kurs insgesamt länger	
9 Wir hatten wenige (keine Treffen), bei Fragen hatten wir jedoch immer eine Kontaktperson kurzfristig zur Verfügung, was ok war.	F2F ausreichend	
10 I think, the course could last just a little more. Maybe a couple of weeks more.	Kurs insgesamt länger	
10 Maybe if the course lasts two weeks more, there would be more possibilities for talking by "Skype", which I find it very interesting.	Phasen länger	mehr Zeit für Skype usw.
10 I think, Face-to-Face-Meetings were not enough, at least here in A Coruna. But I enjoyed the course anyway.	Mehr F2F	
11 The duration of the weeks related to each language is fine, but a few week after each block would be good to have some time to add own contributions.	Phasen länger	Zeit für eigene Lernaktivitäten
11 For me the Face-to-Face-Meetings have been difficult. We have problems to find time to meet each other.	F2F schwierig	
12 To me the course was too short.	Kurs insgesamt länger	
12 The Face-to-Face-Meetings were ok.	F2F ausreichend	
13 Course was too short – 2 weeks not enough for each task. I missed the London F2F because I joined late, but the Coruna one is great so far. It would be nice to continue the project for another couple of months, with the same people and then have another	Kurs insgesamt länger	Kurs mit gleichen Leuten fortführen
14 Just about right, but I needed contact more often and in this case. Participants had work commitments with made that impossible.	Mehr F2F	
14 Face-to-Face-Meetings – one was ok but needed more structure.	F2F ausreichend	
15 No too long. Good. We're all busy.	Phasen ok	
15 One Face-to-Face was fine for me.	F2F ausreichend	
16 Too short, because two weeks is not long enough to do any serious improving one's language. Obviously, it was long enough to get the feel of what 3-way language	Phasen länger	
16 We had only one local Face-to-Face. It was a good meeting, and enough.	F2F ausreichend	
17 Too short, and unequally paced. Two weeks German, a week of, two weeks Spanish, 10 days English with a lot of tasks to do.	Phasen länger	
17 About right given the distances involved.	Phasen ok	
18 I think it would work better to have longer each language, with lots of clear deadlines/milestous (as we had in this case)	Phasen länger	klarere Fristen, Meilensteine

18	The F2F meeting at IoE, London was very useful and probably enough – except that at the time I did not get a clear sense of how it would all work in practice.	F2F ausreichend	
19	In my opinion the duration of the course were ok, but I preferred having more meetings face-to-face, and even more meetings through the Skype or through the chat.	Phasen ok	mehr Zeit für Skype usw.
20	Duration was fine, but it could be also a little bit longer. I was glad that I could fix the Skype and Chat appointments. But nearly every day/evening was sometimes stressful. Maybe over a longer period would me more relaxed. Sometimes only 1 or 2 days between the deadlines for exercises very real too short.	Phasen länger	Fristen nicht kürzer als 2 Tage gestalten
20	Missed the first two Face-to-Face-Meetings because of illness, but they are very	F2F ausreichend	
21	I think about right. Shorter would not have given enough time to get into it. Longer would have been a bit onerous for people with many other commitments. However, there could be a longer follow-up, one for people who already know how to approach it.	Phasen ok	Längerer Folgekurs
21	One meeting. Sufficient for those who could make it. Some people couldn't – perhaps an alternative date for those?	F2F ausreichend	Alternative F2F-Termine anbieten
22	Para un proyecto piloto, la duración fue correcta. Se trataba de experimentar y ver las posibilidades de aprender con el moodle y el Skype. Los temas y la información complementaria de los diferentes idiomas nos ayudaron a seguir una línea para realizar nuestras tareas y tener una comunicación adecuada con los otros/otras participantes. La presentación del proyecto fue suficiente para entender y se requieren 1 o 2 secciones para entender cómo funciona la plataforma moodle. Probablemente para gente con menos experiencia en computadoras, se necesitan 2 encuentros. Uno para presentar el proyecto y otro para practicar la plataforma moodle.	Phasen ok	

question 2: initial f2f - introduction of the course

Do you feel were well informed at the beginning of the course or did you miss any relevant information?

In your opinion: was the information given in teh first f2f-meeting useful?

Do you consider it useful to make the warming-up-tasks during the first f2f-meeting in the institution?

Have you missed anything?

question 3: the tutorial support in your local institution

Do you think that the participants would need more tutorial support during the running of the course?

Do you consider it useful that there would be a "weekly-online-consultation-hour" when the tutors are online?

What about the tutors? Did they answer your question in time and did they solve your problems?

question 4: the co-operation and communication process within the tridems

What about the co-operation with your tridem partners: What did work well, what was not so good?

What were your preferred communication tools (chat, forum, wiki, skype)?

Did you send individual emails to your tridem partners?

Did you have any intercultural problems (misunderstandings)?

Do you consider it useful to make linguistic corrections if you see the your tridem partner makes linguistic errors?

question 5: did the course meet your expectations?

Have your ICT skills improved?

Have your language skills improved?

Have your intercultural communication abilities improved?

Would you attend a course like this again?

Would you recommend it to someone? If yes, why?

Would you pay for a course like this?

13	It was my first time using Moodle + Skype and I found both useful, especially Skype. I guess my German has improved a bit, mainly because I was able to spend 2 weeks refreshing it after not speaking for 5 years. I work in Spanish regularly so I didn't really improve much over what I already had, although I did learn some facts about Spanish culture.

13	I would like to have to spend more time chatting + Skyping in German + Spanish. I think with time I could really improve, but it would have to be a longer course. Although I hope to continue chatting + Skyping with my tridem, even after the course.		
13	I would recommend the course.		
13	I would pay but only if it were a longer course. I think also that we would work harder + do more tasks + put more effort into it if we paid.	Bezahlung: bedingt	mehr Input, mehr Anforderungen
13	I do think that in our group, in each language there was one person whose level was lower than the others and that limited the conversation somewhat. If the person who was struggling was hesitant to speak. The other two could have a conversation too difficult. Thus leaving the third out. This didn't happen too often but it is a risk.

18	My Spanish and German have improved. But to take them further, I would prefer a tandem approach, one at a time.		
18	I would not recommend the course as it currently exists – perhaps if it is refined further.		
18	Overall it was enjoyable, but I find working in 3 languages complicates the leaning process unnecessary in many ways, and I cannot discern any real advantages.		
19	For the first question, I improved it, as well as my language skills, above all in German.

20	Yes, very useful to use 3 languages parallel. I have never seen an offer like this before.

What do you think about the duration of the the course? Was it too long, too short? Explain why.
What about the number of face-to-face-meetings in the local institutions (too many, not enough)?

question 3: the tutorial support in your local institution

Do you think that the participants would need more tutorial support during the running of the course?

Do you consider it useful that there would be a "weekly-online-consultation-hour" when the tutors are online?

What about the tutors? Did they answer your question in time and did they solve your problems?

21	Also would it have been useful to do some of the tasks in 3 languages? There could be more linkage between the blocks and indication of what we trying to achieve linguistically.		mehr Verknüpfungen zwischen den Sprachenblöcken

question 4: the co-operation and communication process within the tridems

What about the co-operation with your tridem partners: What did work well, what was not so good?

What were your preferred communication tools (chat, forum, wiki, skype)?

Did you send individual emails to your tridem partners?

Did you have any intercultural problems (misunderstandings)?

Do you consider it useful to make linguistic corrections if you see the your tridem partner makes linguistic errors?

question 5: did the course meet your expectations?

Have your ICT skills improved?

Have your language skills improved?

Have your intercultural communication abilities improved?

Would you attend a course like this again?

Would you recommend it to someone? If yes, why?

Would you pay for a course like this?
